

Elite Genetic Genealogy (EGG)

Requirements for Heritage Packages

****All clients must be 18 years of age or older. Parents cannot consent for minors****

For the *Standard, Premium, Elite, Platinum, and Every Couple* heritage packages, the average timeline for completion of individual projects is 120 days. Timelines may vary per client.

Additional DNA Kits and supplemental analysis can be purchased à la carte. DNA analysis is not required for heritage packages but is strongly recommended for the promotional rate of \$300. (See [Additional DNA Kits for further details](#))

- On average, DNA test results take eight (8) weeks to process from the time the lab receives the DNA sample.
- If you have already completed an *AncestryDNA* test, great! This can only enrich your family tree.
- If you opt for DNA analysis, access to your *AncestryDNA* profile with *Collaborator* status is required. If unsure of this process, EGG can provide the steps.
- If you purchase an *Additional DNA Kit* à la carte, and without a heritage package, EGG will provide three (3) man hours of analysis of your closest DNA matches and include a technical report of findings for the promotional rate of \$300.
- If you have already completed an *AncestryDNA* test, EGG can analyze your closest DNA matches for the promotional rate of \$250.

All options include time allocated for documentation of findings.

Please provide a written description of your story via email. Add all family details and other information that can help our search such as names and maiden names of parents, grandparents and great grandparents.

- Email us at hello@elitegenealogy.com.
- Include your full name, contact information, option purchased, and date of purchase.

Considering this is a collaborative effort, EGG may ask you questions along the way; and if possible, EGG will provide brief updates via email.

Our Unique Process

Our unique process includes the following primary steps:

- | | |
|------------------------------------|-----------------------------------------------------------------------|
| <i>Step 1: Consultation</i> | Initial screening with client to determine next steps (15-20 minutes) |
| <i>Step 2: Discovery</i> | Develop an outline and plan with client (20-30 minutes) |
| <i>Step 3: Research</i> | Researchers investigate, explore, document, and confirm findings |
| <i>Step 4: Results</i> | Discussion with client including a technical report provided by EGG |

All packages and add-ons include a phone conversation during the Consultation and Discovery phases plus a Zoom call to reveal Results.

Standard Heritage Package

With the Standard Heritage Package, you'll experience the ultimate family tree enhancement! You will receive photos and stories from your ancestors born after 1870. This package also includes an optional DNA add-on to interpret your ancestral roots further.

Premium Heritage Package

The Premium Heritage Package includes **all** the benefits from the Standard Heritage Package! Additionally, our passionate team will research your ancestors born after 1870 **and** one generation before. This package also includes an optional DNA add-on and a \$300 charge for each additional generation researched.

Elite Heritage Package

The Elite Heritage Package includes **all** the benefits from the Standard Heritage Package! We understand some results can be challenging to interpret. So, our team will provide a live walkthrough to discuss your incredible family history! Furthermore, our team is readily available for *any* questions or concerns you may have (up to three elite and engaging Zoom sessions throughout the project).

Platinum Heritage Package

The Platinum Heritage Package includes **everything** from the Premium and Elite Packages! This package will consist of Zoom sessions with our Elite Researchers for your benefit, optional DNA add-ons, and photos & stories for you and your family to share.

Elite Genetic Genealogy (EGG)

Every Couple Package

The Every Couple Package is a complete family tree enhancement with direct ancestors born after 1870 plus one bonus generation. **It's the Premium Package x2 with a free optional DNA add-on for each spouse!!** Clients can request additional generations born before 1870. Each generation is a \$300 charge per spouse.

DNA add-on and a \$300 charge for each additional generation born before 1870 per spouse.

Additional DNA Kits

Each additional DNA kit includes in-depth analysis of your DNA matches to confirm your ancestors. With your purchase of this add-on, we will connect your new relatives to your tree using genetic genealogy. With your results, we will enhance and authenticate your heritage and ethnicity. We will crystallize your legacy!

Additional Information

Packages do not require the following, but can undoubtedly speed up our search (*separate Agreement Form will be provided*):

- For *AncestryDNA*, please grant permission to correspond with ancestry.com members through your account as well as offer DNA matches *Viewer* access to your profile, if necessary. The latter is used as a good faith exchange with DNA matches for access to view their matches and precise genetic relationships to help establish your parentage.
- (If applicable) For *23andMe*, please grant permission to correspond with DNA matches through your account as well as add DNA matches as a connection, if necessary.
- (If applicable) Please grant permission to upload your raw DNA to [GEDmatch](#) or please provide your username and password. *GEDmatch* can provide additional helpful information by comparing autosomal DNA data to available matches.

Special Situations and Stipulations

The scope of EGG's capabilities extends beyond the services described here. If you don't see your specific project type mentioned, reach out! In a free consultation, we'll discuss the prospect of EGG servicing your genealogy needs in an elite and rewarding way. Special situations and stipulations typically fall in the Elite or Platinum heritage package price range.

Suspended Services

Research is temporarily suspended until past due invoices are paid in full. During this time EGG will only communicate with individuals/leads who the company previously reached out to and received a response from during the time services are suspended. No new leads will be contacted.

While services are suspended, if conversations and correspondences with established leads are lengthy in duration, EGG will retroactively bill for this time when the company's services are reinstated.
